

# NFPA 25 inspections

## NFPA 25 INSPECTIONS TESTING

The FDNY and insurance companies require buildings with fire sprinkler systems to be inspected and tested in accordance with NFPA25. We provide inspections for thousands of customers in the NYC area since 1952.

### THE CAPITOL DIFFERENCE:

- Keep your building safe and in compliance
- Prompt responses to all phone calls and emails
- Free site survey to determine the inspection and testing requirements specific to your building
- Emailed inspection reports sent in real-time
- Notification of deficiencies along with suggested corrective actions
- Electronic archiving of records
- Professional and experienced technicians
- Resource for all things fire sprinkler
- Reliable, dependable, helpful
